SUBJECT INDEX TO VOLUME XXXI

ABORTION, The treatment of, 605; tr. 632
Abscess, of the brain, Blastomycosis with report of case dying from, 590; of the cæcal wall, Dissecting interstitial, 485; Lung, from a practical surgical point of view, 144; Subphrenic, report of a case with cure, 594
Actinomycosis of the lower lip, tr. 305
American College of Surgeons, 98, 318, 421, 536, 641; Clinical Congress, 430; State and Provincial Clinical Sections, 101, 318, 536, 652; The New Home, 651; College Library, 652; The great mace presented to, by consulting surgeons of the British Armies, 648; New constitution and by-laws of Bridgeport Hospital, 421; South American Surgeons, 209
American Journal of Obstetrics and Gynecology, ed. 639
Amniotic hernia, 282
Anæsthesia, Analgesia and, in labor, 601; local, A self-filling syringe for, 193
Analgesia and anæsthesia in labor, 601
Anastomosis, Uretero-ureteral, 132
Ancon Hospital, Ancon, Canal Zone, 424
Aqueduct of Sylvius, The diagnosis and treatment of hydrocephalus resulting from strictures of the, 340
Archives of Surgery, ed. 207
Artery, hepatic, Experimental ligation of the, 182; of the uterine round ligament, 57

BILE-DUCTS, Operative injury of the common and hepatic, 1
Bladder, cancer of the, The treatment with radium of, 303; Leukoplakia of the, and ureter, 325; Tumors of the, including report of vegetating syphiloma of, 219; Instrument for application of radium to tumors of, 627
Blastomycosis, with report of a case dying from abscess of the brain, 590
Blood, The moisture and ash of maternal and fœtal, 276
Bones, Infections of, and joints, 254; lesions, Roentgenographic appearance, diagnosis, and pathology of some obscure cases of, 111; sinuses, A study of persistent, observations from 500 cases following gunshot wounds, 512
Brain, abscess of the, Blastomycosis with report of a case dying from, 590; Gunshot wounds of the, with retained missiles, 449; tumors, The effects of radium emanation upon, 236; tissue, A study of the effects of radium on normal, 239
Breast, Tumors of the, based on a study of 77 cases personally observed, 584
Bridgeport Hospital, New constitution and by-laws, 421

CÆCAL wall, Dissecting interstitial abscess of, 485
Cancer, of the bladder, The treatment with radium of, with report of a case, 303; œsophageal, A method of applying radium in cases of, 300; of the rectum, Observations on, 472
Carcinoma, uterine, Observations on the technique and indications of radiumtherapy in, 177; tr. 201
Cervical stump, Management of the, and the round and broad ligaments when performing supravaginal hysterectomy, 578
Cholecystgastrostomy, 493
Clinical Congress of American College of Surgeons, 430; Organization of state and provincial sections, 101, 318, 536, 652
College, The new home of the, 651
Colon, Inflation of the, as an aid in roentgen examination, 531
Colostomy, Plastic abdominal incision for, 197
Congenital absence of the vagina and uterus, a consideration of this problem in the light of more recent endocrine studies and surgical advances, with the report of a case successfully operated upon by the Baldwin method, slightly modified, 51
Corpus luteum, Further observations on the function of the, 496
Cows, Unusual growth in tube sterility in, tr. 632
Cranial defects, The repair of, by autogenous cranial transplants, 40
Cruveilhier's tumeurs perlées, 390
Cystadenomyoma of fallopian tube, 77

DIABETES, The relation of the islets of Langerhans to, with special reference to cases of pancreatic lithiasis, 437
Diabetic patients, Pre-operative preparation of, and their subsequent treatment, 363
Diet in pregnancy, 71, tr. 95
Dislocation of the hip, Reduction of, by open incision, 462
Diverticula of the duodenum, their clinical and roentgenological recognition, 376
Ducts, Two hundred fifty operations on the gall-bladder and, 617
Duodenum, Diverticula of the, their clinical and roentgenological recognition, 376

ECTOPIC gestation, Icterus in, modes of jaundice production, 34
Ectopic pregnancy, report of a small, tr. 199
Ectopic single ovum twin pregnancy, Report of a case of ruptured, tr. 199
Embryology, Surgery and, 18
Empyema, Some principles involved in the treatment of, 60, tr. 92
Endocervicitis, Tracheloplasty for chronic, cor. 310, cor. 535
Extension, Finger and toe nail, 629

FALLOPIAN tube, Cystadenomyoma of, 77
Femur, Impacted fracture of the neck of the, patient walking from time of accident, 50; The management of fractures of the, 288; Pertrochanteric fracture of the, cor. 636
Fibromyoma of the mesentery, 372
Finger and toe nail extension, 629
Fistula, A large inaccessible vesicovaginal, following hysterectomy, 195
Fœtal blood, The moisture and ash of maternal, 276
Foot-piece for the Thomas splint, 79
Foreign body in the œsophagus, 416
Fracture, of the neck of the femur, Impacted, 50; of the femur, The management of, 288; of the femur, Pertrochanteric, cor. 636; of the lower jaw, Bone pin grafts in ununited, 298; of the jaw above the angle, Immobilization of the proximal fragment in, 574; of the vertebral bodies, Compression, with delayed symptoms (Kuemmel's disease) with report of 7 cases, 359
Function, Further observations on the, of the corpus luteum, 496

GALL-BLADDER and ducts, Two hundred fifty operations on the, 617
Gorgas, William C., ed. 204
Grafts, Bone pin, in ununited fractures of the lower jaw, 298
Gunshot wounds of the brain with retained missiles, 449; A study of persistent bone sinuses; observations from 500 cases following, 512

HÆMATURIA, Renal, as a symptom of prenephritic condition of the kidneys, 478
Hæmorrhage, uterine, Conservatism in the treatment of so-called essential, 142
Heart, Removal of missile from the right ventricle of the, with recovery, 417
Hepatic artery, Experimental ligation of the, 182
Hernia, Amniotic, 282; Inguinal, 402; inguinal, The value of position in the operative treatment of, 529; Parasaccular or sliding, 611
Hip, Reduction of old dislocations of, by open incision, 462
Hip rest, Inclined, tr. 199
Homotransplantation, Successful experimental, of the kidney and the ovary, 45
Hospital, Notes on standardizati . 98; Standardization in Canada, 322; Standardization, 641; Sound deadening in, 105; Laboratories, 539
Hydrocephalus, The diagnosis and treatment of, resulting from strictures of the aqueduct of Sylvius, 340
Hysterectomy, Management of the cervical stump and the round and broad ligaments when performing supravaginal, 578

INCISION, Plastic abdominal, for colostomy, 197
Infections, of bones and joints, 254
Inflation of the colon as an aid in roentgen examination, 531
Influenza, Pregnancy complicated by, 610, tr. 632
Inguinal hernia, 402; The value of position in the operative treatment of, 529
Inserts: William C. Gorgas, opposite 204; Danforth and Corbus—Tumors of the bladder, including report of vegetating syphiloderm of the bladder, opposite 219; Kretschmer—Leukoplakia of the bladder and ureter, opposite 325; Sir Berkeley Moynihan, opposite 549; John B. Murphy, opposite 572
Interstitial, Dissecting, abscess of cæcal wall, 485
Intestinal obstruction following Webster-Baldy operation for retroversion, 90
Intestinal surgery, The utility of the rubber tube in, 184

JAUNDICE production, modes of, Icterus in ectopic gestation, 34
Jaw, Fractures of the, above the angle, Immobilization of the proximal fragment in, 574, lower, Some pin grafts in ununited fractures of the, 298
Joints, Infections of bones and, 254

KIDNEY, and the ovary, Successful experimental homotransplantation of the, 45; Renal hæmaturia as a symptom of prenephritic condition of the, 478
Knee-Joint, Pathology of the, in relation to X-ray findings, 366
Knot, The three-forceps and four-forceps, 408
Krukenburg tumor, 58
Kuemmel's disease, Compression fracture of the vertebral bodies with delayed symptoms, report of 7 cases, 359

LABIA, Benign tumors of the, 487
Labor, Analgesia and anæsthesia in, 601
Laboratories, Hospital, 539
Langerhans, The relation of the islets of, to diabetes with special reference to cases of pancreatic lithiasis, 437
Leukoplakia of the bladder and ureter, 325
Ligaments, Managment of the cervical stump and the round and broad, when performing supravaginal hysterectomy, 578
Ligation, Experimental, of the hepatic artery, 182
Lip, Actinomycosis of the lower, tr. 305
Lung abscess from a practical surgical point of view, 144

MACE, The Great, presented to the American College of Surgeons by the consulting surgeons of the British Armies, 648
Manikin, demonstrations, A table for, 89
Membranous pericolitis, perienteritis, or chronic abdominal, syndrome, Late hereditary syphilis, 160
Menstrual disturbances, Functional, 382
Menstruation, after complete hysterectomy due to uterine mucosa in remaining ovary, A unique, diffuse, uterine tumor, really an adenomyoma, with stroma, but no glands, 150
Mesentery, Fibromyoma of the, 372
Mole, Calcified tubal, 388
Murphy, The John B., memorial, ed. 314, 419, 549
Muscle function, The interpretation of, in its relation to injuries of the peripheral nerves, 246

NECK, Broken, cor. 311
Nerve, lesions, Two unusual, 588; peripheral, The interpretation of muscle function in its relation to injuries of the, 246
Nulliparous, Treatment of procidentia in the, 534

OBSTETRICAL machine, new, Imitation of the mechanical phenomena of parturition, 85
Obstruction, Intestinal, following the Webster-Baldy operation for retroversion, 90
Œsophageal cancer, A method of applying radium in cases of, 300
Œsophageal radium applicator, 84
Œsophagus, Foreign body in the, 416
Osteomyelitis, Clinical consideration of, 263; tr. 305
Ovary, Successful experimental homotransplantation of the kidney and, 45
Ovulation, The physiology of, 148, tr. 200.

PANCREATIC lithiasis, The relation of the islets of Langerhans to diabetes, with special reference to cases of, 437
Parasaccular or sliding hernia, 611
Parturition, Imitation of the mechanical phenomena of, new obstetrical machine, 85
Pelvic viscera, The use of the tendon of psoas parvus and fascial transplants in the treatment of prolapse of the, 630
Physiology of ovulation, 148, tr. 200
Portraits: William C. Gorgas, opposite 204; Sir Berkeley Moynihan, opposite 549; John B. Murphy, opposite 572
Pregnancy, Diet in, 71, tr. 95; ectopic, Report of a small, tr. 199; Ruptured ectopic single ovum twin, tr. 199; in rudimentary horn of the uterus, 501; Abdominal, with fœtus alive at time of operation; résumé of cases, 523; complicated by influenza, 610, tr. 632
Procidentia in the nulliparous, Treatment of, 534
Prolapse, of the female urethra, 83; of pelvic viscera, The use of the tendon psoas parvus and fascial transplants in the treatment of, 630; of the rectum in women, A new operation for, 527
Prostatic retractor, Description of a suprapubic, 532

RADIUM, Œsophageal applicator, 84; The treatment with, of cancer of the bladder, 303; Instrument for application of, to tumors of bladder, 627; The effects of emanations upon brain tumors, 236; A study of the effects of, on normal brain tissue, 239; A method of applying, in cases of œsophageal cancer, 300
Radiumtherapy, Observations on the technique and indications of, in uterine carcinoma, 177; tr. 201
Ranula, A further note on the etiology of, 82
Recklinghausen's disease with surgical complications, report of two cases, 242
Rectum, Observations on cancer of the, 472; A new operation for prolapse of, in women, 527
Retractor, Description of a suprapubic prostatic, 532
Retroperitoneal sarcoma, 622
Retroversion, Intestinal obstruction following the Webster-Baldy operation for, report of a case, 90
Rhinoplasty, Further observations in correct, 412
Roentgen examination, Inflation of colon as aid in, 531
Roentgenographic appearance, diagnosis, and pathology of some obscure cases of bone lesions, 111
Round ligament, The artery of the uterine, 57
Rubber tube, The utility of the, in intestinal surgery, 184
Rudimentary horn of the uterus, Pregnancy in a, 501

SARCOMA, Retroperitoneal, 622; of the stomach, with report of a case and an analysis of 107 cases operated upon, 505
Sinuses, A study of persistent bone, observations from 500 cases following gunshot wounds, 512
Sound deadening in hospitals, 105
South American Surgeons—A trip in behalf of the American College of Surgeons by Dr. William J. Mayo, President, and Dr. Franklin H. Martin, Secretary-General, 209
Standardization, Hospital, 98, 322, 423, 641
Sterility of cows, Unusual growth in tube, tr. 632
Stomach, Sarcoma of the, with report of a case and an analysis of 107 cases operated upon, 505
Subphrenic abscess, report of a case with cure, 594
Surgery and embryology, 18
Surgical work, The use of double thread in, 410
Syphilis, Late hereditary, membranous pericolitis, perienteritis, or chronic abdominal syndrome, 160
Syphiloma, of the bladder, Tumors of the bladder, including report of vegetating, 219; vulvæ, 227
Syringe, A self-filling, for local anæsthesia, 193

THOMAS splint, Foot-piece for the, 79
Thread, The use of double in surgical work, 410
Tracheloplasty for chronic endocervicitis, cor. 310, cor. 535
Transplants, cranial, The repair of cranial defects by autogenous, 40; fascial, tendon psoas parvus and, in the treatment of prolapse of the pelvic viscera, 630
Tubal mole, Calcified, 388
Tube, Unusual growth in, sterility of cows, tr. 632
Tumeurs perlées, Cruveilhier's, 300
Tumors, Krukenburg, 58; of the bladder, including report of vegetating syphiloma of the bladder, 219; of the bladder, An instrument for the application of radium to 627,of brain, The effects of radium emanations upon 236; of the breast, based on a study of 77 cases personally observed, 584: uterine, A unique, diffuse,really an adenomyoma, with stroma but no glands; menstruation after complete hysterectomy due to uterine mucosa in remaining ovary, 150; of the labia, Benign, 487
Twin pregnancy, Report of a case of ruptured ectopic single ovum, tr. 199

UMBILICAL cord, Two cases of true knot of the, tr. 199
Ureter, Leukoplakia of the bladder and, 325
Uretero-ureteral anastomosis, 132
Urethra, Prolapse of the female, 83
Uterine, hæmorrhage, Conservatism in the treatment of so-called essential, 142; carcinoma, Observations on the technique and indications of radiumtherapy in, 177; tumor, A unique, diffuse, really an adenomyoma, with stroma, but no glands; menstruation after complete hysterectomy due to uterine mucosa in remaining ovary, 150
Uterus, Congenital absence of the vagina and, a consideration of this problem in the light of the more recent endocrine studies and surgical advances with the report of a case successfully operated upon by the Baldwin method, slightly modified, 51; Pregnancy in a rudimentary horn of the, 501

VAGINA, Congenital absence of the, and uterus, a consideration of this problem in the light of the more recent endocrine studies and surgical advances with the report of a case successfully operated upon by the Baldwin method, slightly modified, 51
Vertebral bodies, Compression fracture of the, with delayed symptoms (Kuemmel's disease) with report of 7 cases, 359
Vesicovaginal fistula following hysterectomy, A large inaccessible, 195
Vienna physicians destitute, cor. 535
Vulvæ, Syphiloma, 227

WOMEN, A new operation for prolapse of the rectum in, 527
Wounds, Gunshot, of the brain with retained missiles, 449

X-RAY findings, Pathology of the knee-joint in relation to, 366

BOOK REVIEWS

Orthopedic and Reconstruction Surgery, Industrial and Civilian. By Fred H. Albee, A.B., M.D., D.Sc., Lieut. Col. M.C., U. S. A., 313

The Treatment of Syphilis. By H. Sheridan Baketel, A.M., M.D., 420

The After-Treatment of Surgical Patients. By Willard Bartlett, A.M., M.D., F.A.C.S., 313

A Textbook of Gynæcological Surgery. By Comyns Berkeley, M.A., M.C., M.D. (Cantab.), F.R.C.S. (Lond.), M.R.C.S. (Eng.), and Victor Bonney, M.S., M.D., B.Sc. (Lond.), F.R.C.S. (Eng.), M.R.C.P., 639

A Guide to Gynæcology in General Practice. By Comyns Berkeley, M.A., M.D., M.C. (Cantab.), F.R.C.P. (Eng.), and Victor Bonney, M.S., M.D., B.Sc. (Lond.), F.R.C.S., M.R.C.P. (Lond.), 2d ed., 639

Suites de Couches Normales et Pathologiques. By E. A. Réné de Cotret, 637

Surgical Shock and the Shockless Operation through Anoci-Association. By George W. Crile, M.D., and William E. Lower, M.D., 2d ed., 420

Gynæcology; for students and practitioners. By Thomas Watts Eden, M.D., F.R.C.S., F.R.C.P., 638

The Exact Diagnosis of Latent Cancer. By O. C. Gruner, M.D., 637

The Surgery of Egypt. By Frank Cole Madden, O.B.E., M.D. (Melb.), F.R.C.S. (Eng.), 420

Herman's Difficult Labour. By Carlton Oldfield, M.D., F.R.C.S., 638

Die Indikation en zur kuentslichen Unterbrechung der Schwangerschaft. By Prof. Dr. G. Winter and pupils, 637
